Wonderful to work with -- I completely enjoyed this project, and am hopeful that they are, indeed, prosperous! I would give them more than a five star rating, but that is all that may be allocated hereupon, so keep in mind that theirs is a quality, quality, quality group. Thank you for this opportunity. C

I have a couple of contracts that I "found" on the internet and I need them to be re-written. I just dont want them to be exactly like the ones I found.

Its not really a complete re-write but just a "shuffling" of the ideas around a little

I dont want to lose its "essence" or "legality" but just want to make it my own and so no one thinks I am using their documents.
